

A warm thank you

from Custom Software Solutions

One of the best parts of welcoming a new year is remembering and celebrating relationships and successes of the past year. During this most festive of seasons, we all join in saying “thank you” and wishing your entire organization the happiest of holidays.

While you enjoy the closeness and comfort of friends and family during the holidays, we will be doing the same! Please note our hours of operation during the holiday season will be adjusted as follows:

December 25 and 26 and January 1 – Closed
